This job role is offering you an exciting opportunity to start with a blank canvas and to work alongside the owner and general manager to bring your own ideas to life, as well as the policies and procedures to ensure the smooth opening and running of the kitchen.

You will take pride in the food quality and ensure presentation is of the highest standard and quality from open till close and consistent amongst the entire team.

You will be customer-focused, entrepreneurial, target-driven and personable.

Customer focus is key. Ideas are encouraged. Budgets are challenging but fair and a harmonious team, working as one is expected.
